

Worksheet #2 Part 2:

Using AI for Writing Assistance and Improvement S1E5

Part 2: Drafting and Improving Sentence Structure

1. Write a rough draft of a short paragraph on your chosen topic (about 4-6 sentences).
 - Don't worry about grammar, spelling, or sentence structure at this stage—just get your ideas down.
2. Input your rough draft into an AI tool and ask it to improve the sentence structure and grammar.

Task:

- Write down the AI's revised version of your paragraph.
- Compare the AI's version with your original draft.

Reflection:

- What changes did the AI make to your sentence structure?
- Were there any grammar mistakes corrected by the AI?
- Do you agree with all the changes? Why or why not?

Teacher's Notes:

- Encourage students to reflect on when and how AI made meaningful improvements to their work.
- Discuss with students the importance of balancing AI's suggestions with their own voice and style.
- Highlight the potential of AI to speed up the writing process without replacing critical thinking.
