Worksheet #7: "Using GenAI to Create Practice Tests and Quizzes"

Part 3~ S2E14

Overview

This worksheet will help you use AI tools to create practice tests and quizzes from your notes, textbook, and slides. Practice tests allow you to test your knowledge, identify areas of struggle, and improve your understanding of the material.

Part 3: Reviewing and Organizing Questions

1. **Edit for Clarity and Accuracy**
   - Go through each question generated by the AI tool. Ensure that the wording is clear and that the questions accurately reflect the material.
   - Make any necessary adjustments or rephrase questions to match your understanding.

2. **Organize Questions by Topic or Difficulty**
   - Arrange your questions by topic or difficulty level. This organization will help you focus on specific areas and gradually increase the challenge as you gain confidence.

3. **Reflection Questions**
   - How does organizing questions by topic or difficulty help you study more effectively?
   - Are there specific topics that you found more difficult and want to focus on?
