**Worksheet #4: "Using GenAI to Create Visual Study aids" Part 4~ S2E8**

**Overview**

This worksheet will help you use AI tools to create visual aids from your course notes and content. Visual study aids like diagrams, illustrations, and posters can make complex information easier to understand and remember.

---

**Part 4: Using Visuals for Study and Review**

1. **Create a Study Display or Poster**

   o Combine your visuals into a single poster or presentation that you can use as a quick reference.

   o If possible, print it out or keep it open while you study.

2. **Develop Practice Questions Based on Visuals**

   o Create a few questions that you could answer by looking at your visuals. This will help you engage with the content more actively.

   o **Sample Questions**:

      ▪ Question 1: _____

      ▪ Question 2: _____

      ▪ Question 3: _____

3. **Reflection**
   - How did creating visual aids make studying easier or more enjoyable?
   - What would you change next time when creating visuals for a study guide?
