Worksheet #6: "Using GenAI to Create Smart Study Flashcards"
Part 2~ S2E12

Overview

This worksheet will help you use AI tools to create flashcards from your notes, textbook, and slides. Flashcards are an effective study tool that allows you to quiz yourself on key concepts, terms, and definitions, improving memory and understanding.

Part 2: Using AI Tools to Generate Flashcards

1. **Selecting an AI Flashcard Tool**
   o Choose an AI tool that can help you create flashcards. Popular options include Quizlet (which can generate flashcards based on uploaded text) or Anki (where you can create custom flashcard decks).
   o **Chosen Tool**: _____

2. **Inputting Information into the Tool**
   o Enter your key terms and definitions into the flashcard tool. If the tool allows, upload your notes or textbook passages to help generate flashcard questions automatically.
   o Create flashcards with a term or question on one side and the definition or answer on the other.

3. **Reflection Question**
   o Did the AI tool generate any questions or answers you hadn't considered? How can these help you better understand the topic?
